Participants with an interest in more than one session (LPA, CCW, Alliance etc.) are therefore asked to make several individuals available if possible. Each working group will be asked to develop a detailed timetable aimed at making efficient use of Inquiry time. It would therefore be of assistance for participants to prepare in advance, to have as clear an idea of the time required for presentation of evidence and cross examination / questions as possible, and to consider how efficiencies can be brought about through statements of common ground and /or shared evidence.

It is envisaged that sessions 1-4 will be arranged largely on a topic basis. An outline framework of topics for each session will be prepared and will be circulated before or at the PIM.
