Dear Mr Banks

I'm just resending you this email I sent in December, as I haven't seen ( found it ?) it on your site; Comments on location

Regards  
Ingrid Maugham

Subject: Powys Wind Farms Conjoined Public Enquiry FAO Claire Jones-Hughes  
To: bankssolutionsuk@gmail.com

Dear Ms Jones-Hughes

I am very concerned about this public enquiry and I would like to request of Mr Andrew Poulter, the planning inspector, that he holds it in Welshpool, as this is closer to the windfarm proposals and transport issues, and many more people who will be directly involved will then be able to attend.  
I would also like to request that National Grid's plans for a hub and nearly 40 miles of high voltage transmission pylons are also included in this inquiry. As the applications are so far from the existing high voltage transmission lines, NG's plans are an integral part of the these applications and have to be considered in the cumulative effects and impacts of these proposals.

Yours sincerely,

*Ingrid Maugham*
