***\*Outline of Supplementary Evidence***

***I wish to object to all these planning applications but, in particular, to the Llaithddu windfarm. My main points of concern are i) the detrimental effect of this proposal on the upland landscape and environment, ii) the noise both mechanical and aerodynamic effecting local residents, iii) concerns re the increased construction traffic causing holdups on rural roads, iv) well documented killing of birds especially raptors such as the red kite, v) effect on water courses as properties in upper Llaithddu do not have mains water and are reliant on wells and springs, and finally, vi) effect on the Megalithic site.***
