

COMBINED PUBLIC INQUIRY REGISTRATION FORM

ELECTRICITY ACT 1989 (SECTIONS 36, 37, 62(3) AND SCHEDULE 8)

TOWN AND COUNTRY PLANNING ACT 1990 (SECTION 90)

Application by Vattenfall dated 30 November 2007 for consent to construct and operate a 59.5MW Wind Turbine Generating Station in Powys, Mid-Wales (“Llanbadarn Fynydd”)

Application by Fferm Wynt Llaithddu Cyf dated 7 May 2008 for consent to construct and operate a 66.7MW Wind Turbine Generating Station in Powys, Mid-Wales (“Llaithddu”)

Application by Celtpower Limited dated 9 May 2008 for consent to construct and operate a 126MW Wind Turbine Generating Station in Powys, Mid-Wales (“Llandinam”)

Application by RES UK & Ireland Limited dated 27 March 2009 for consent to construct and operate a 100 MW Wind Turbine Generating Station in Powys, Mid-Wales (“Llanbrynmair”)

Application by RWE Npower Renewables Limited dated 11 December 2008 for consent to construct and operate a 130-250MW Wind Turbine Generating Station in Powys, Mid-Wales (“Carnedd Wen”)

Application by SP Manweb plc dated 2 December 2009 to install and keep installed a 132kV overhead electric line connection from Llandinam Wind Farm to Welshpool Substation in Powys, Mid-Wales

I object to these developments for the following reasons:

1. The proposals will have a devastating effect on rural areas of mid Wales and Shropshire (the latter due to the proposed pylons to transmit the power).
2. The people living in these areas are absolutely and adamantly opposed to the industrialisation of some of the most scenic countryside in the British Isles.
3. The area is heavily reliant on tourism to maintain its economy and such massive proposals will greatly damage this sector.
4. The effect on the environment and wildlife, should the proposals proceed, would be devastating.
5. The proposals necessitate the National Grid hub and high voltage connection. As such, approval given to these proposals mean the National Grid scheme must proceed. For this reason the National Grid scheme must be considered as part of the Enquiry.

6. With regard to no. 5 above, I have previously submitted a detailed technical objection to the National Grid scheme, addressed to that organisation, and a number of my objections have not, apparently, been taken into account in preparing their preferred route. If, and only if, an objection to National Grid's proposals is acceptable evidence to this Enquiry I would ask to be allowed to give evidence.
