SESSION 11 - Final Summary overall

Montgomeryshire Local Council Forum

SUMMARY

It is anticipated that each speaker will take approx 20-30 minutes plus any time for cross examination or questions.

In the case of the Forum evidence this is most likely to be presented by Robert A Robinson FRICS AILCM Chartered Surveyor.

The Form will co-ordinate the above evidence so that any duplication of evidence is reduced to an absolute minimum as requested.

Transport

The Transport issues relating to the Inquiry are very important to the members of the Forum and to that end would like to ensure that the Welsh Assembly and Powys County Council Highways Engineers are present to give oral evidence at the Inquiry. ***The Forum would like to be able to question just these two witnesses.***

I hope the above is helpful.
