Dear Chris

**Public Inquiry 4th June 2013-05-07
Mid Wales Wind Farm Development**

Good morning.

I write to confirm that the local Welshpool Business Forum, in the interests of avoiding repetition, supports in full both the North Wales Association of Town and Larger Community Councils and the Montgomeryshire Local Council Forum in their submissions regarding the TAN8 Policy part of the Inquiry.

The Business Forum will be seeking to speak through Welshpool Town Council on its own behalf in the 'combined effects' section of the Inquiry.

No doubt you will let me know if there is anything further you need form me at this stage.

Yours sincerely

**Robert A Robinson FRICS AILCM
Town Clerk**
